

4 New Exclusive C/Fan Models Launched
2026 FANS EDITION

INTRODUCTION

A producer of numerous types of fans including exquisite, antique finishes to fans specially designed fans and High Speed Fans, Rajdoot entered the fan business in mid-1980's and since then, has never looked back. With innovative designs and excellent finishes being the key elements, Rajdoot has successfully been able to capture the essence of the customers' needs. An important appliance for every household, it is important that a fan functions properly giving sufficient air flow. Be it a wall fan, ceiling fan, table fan, an exhaust or a personal fan, the entire range from Rajdoot is built with the best materials to give optimum results and last long.

Rajdoot Fan is a professional manufacturer with the ability of design, production and sales of ventilation equipment. It covers an area of 70,000 square feet and has more than 200 employees. Rajdoot Fans owns the largest ventilation equipment manufacturing base in Punjab, India.

Professional design

For over last 4 decades, Rajdoot Fan has been focusing on research and development of Ceiling Fans, Pesestal Fans & Exhaust Fans. We have steadily established New designs, Innovative products and High performance fans over last 40 years

Management Principle

With the philosophy of 'Customer Focused, People Oriented, Concentrative & Professional, Honest & Faithful', Rajdoot Fans adheres to its own brand and science and technology innovation for its development, and provide high-quality products and perfect service to the community.
